## **WINSTED INTRODUCES READY-TO-SHIP M-VIEW MONITOR WALLS**

MINNEAPOLIS, May 3, 2011 — Previously available only as a custom solution, Winsted now offers ten pre-configured M-View monitor wall frames that are kept in stock and ready to ship.

Winsted has developed a patent-pending quick-release adjustable bracket, which makes it possible for the company to manufacture and stock several configurations of the popular M-View monitor walls.

The M-View monitor walls support any LCD or plasma monitor from 14- to 63-inches and can be expanded or reconfigured as needs change. The quick-release adjustable bracket works with all VESA mounts and makes adjusting and reconfiguring monitors fast and easy.

Designed to maximize operator view, comfort and productivity, M-View monitor walls are now more flexible and affordable than ever before.

Winsted catalogs are available in print or PDF format by calling 1-800-447-2257 or e-mailing [info@winsted.com](mailto:info@winsted.com). Log on to [www.winsted.com/quote](http://www.winsted.com/quote) for a free online technical furniture quote. Winsted's equipment layout software (WELS) is available for free at: [www.winsted.com/WELS](http://www.winsted.com/WELS).
