WINSTED RELEASES NEW 2015 - 2016 CATALOG

MINNEAPOLIS, February 2015 — Winsted Corporation (www.winsted.com), a worldwide leader in custom console solutions, is pleased to announce the release of the company's new 2015 - 2016 product catalog.

The new catalog features a comprehensive selection of Winsted product offerings, including several new innovative solutions.

- **Impulse dual sit/stand consoles** offer two independently adjustable, ergonomically curved workspaces, allowing operators to easily alternate between sitting and standing.
- **Spectrum rack-mount consoles**, which can handle a wide variety of technical furniture needs and can be expanded to keep pace with changing technology. These consoles feature an ergonomic design and EIA standard 19" tapped rack rails.
- **Dyna-Linq™ modular electrical system**, a plug-and-play system designed to power Winsted Sight-Line and Insight consoles. The system is expandable, reconfigurable, approved by UL 962 standards, and does not require an electrician to install.
- **Air Command personal environmental control system** is designed for the Winsted Prestige Series consoles and allows operators to adjust the temperature to suit their personal preferences.
- **Collaboration tables**, which provide options to combine furniture and technology, creating an ideal space for exchanging ideas and developing collaborative solutions.
- **Conference room tables** the offer standard and custom options with elegant, functional designs.
- **Sky Track™** monitor walls, which allow custom mounting options on a console base rather than a wall.
- **Horizon dual sit/stand consoles** provide operators with healthier options for alternating between sitting and standing.
