**New Ascend Consoles from Winsted Raise the Bar
for Control Room Comfort and Efficiency**

MINNEAPOLIS, May 30, 2010 — Winsted's new ergonomically designed Ascend sit/stand console offers three programmable height settings for ultimate versatility and optimum comfort in any control room setting.

The latest in Winsted's Prestige Series of consoles, Ascend consoles feature electric leg lifts, which enable operators to quickly and easily adjust the work surface height from 29 to 44 inches with the push of a button. Two-, three- and four-leg systems are available with load capacities of 300, 450 and 600 lbs. respectively. Both inline and corner configurations are available to suit any room layout.

Ascend consoles come standard with Winsted's exclusive Endurance Edge TruForm work surface and TruForm decorative end panels, both of which are available in a variety of colors and shapes to complement any interior. Easy-access vertical and horizontal wire and cable management options keep equipment connections organized and under control.

Winsted catalogs are available in print or PDF format by calling 1-800-447-2257 or e-mailing info@winsted.com. Log on to www.winsted.com/quote for a free online technical furniture quote. Winsted's equipment layout software (WELS) is available for free at: www.winsted.com/wels. For more information on Winsted products, visit www.winsted.com.
