

Barco CTRL Mounting Bracket – Winsted P/N 10610

BARCO

In cooperation with Barco, Winsted proudly introduces the CTRL VESA mounting interface. Barco CTRL is simple to use, simple to set up, and now simple to install! Winsted and Barco's partnership brings the highest quality product offerings directly to customers. Both companies are known for products designed to heighten awareness, mitigate fatigue, reduce distractions, and improve operator performance in many other ways.

- Support for VESA 100 x 100mm and 75 x 75mm hole patterns
- Includes all mounting hardware
- Heavy duty 12-gauge steel construction
- Will not warp or bend during monitor adjustments
- Threaded holes for easy attachment
- Adjustable for different monitor connections
- Shortens video signal cables to less than 2 feet
- No more costly signal extension systems
- Integrated wire management anchor loops
- Compatible with all Barco SAN-050 units
